## CAREER OBJECTIVE

---

Highly motivated and dedicated Computer Science Engineering student with a strong academic background. Proficient in programming languages such as Java, C++, and Python. Skilled in problem-solving and analytical thinking, with a keen interest in software development and web technologies. Seeking to apply my skills and knowledge in a challenging and dynamic environment.

## ACADEMIC DETAILS

---

Examination	University	Year	%/CGPA
BTech	Graphic Era Hill	2023-27	6.6
Intermediate	Kendriya Vidyalaya	2022	70%
Matriculation	Kendriya Vidyalaya	2020	85%

## PROJECTS

---

### Web Music Player

Created a web music player that plays music provided with many albums in it and favourites also using HTML, CSS and JavaScript Stock Plotter, created a project using Python and libraries that manages the stocks of a company and plots a graph based on previous records of that company

### News Summarizer

created a website that updated the user with the daily and the latest news updates from all over the world and for time saving just added a summarization feature that summarizes the news for the user and with a good accuracy percentage.

### File compression website

created a website that can compress a text file and an image to approx. 40% of its original size and the compressed file is encrypted also using the Huffman algorithm and image compression using canvas in js.

## SKILLS

---

**Programming Languages & Frameworks:** C, C++, Java, JavaScript, HTML, CSS, ReactJS, NodeJS, PostgreSQL.

**Software Engineering:** Data Structures & Algorithms, Object-Oriented Programming.

**Soft Skills:** Problem Solving, Collaboration, Communication, Attention to Details, Adaptability, Time Management,

Continuous Learning.
